

# Nomura Pan-Asia Technology Forum

May 25 – 27, 2011 ▪ Hong Kong

## Optical Network and LED Tour

May 23 - 24, 2011 ▪ Wuhan and Hangzhou

### Overview

Nomura China Team is pleased to host an exclusive tour to visit leading Optical Network and LED equipment vendors in Wuhan and Hangzhou on May 23-24, 2011.

Optical network and LED are two growth areas in China's TMT industry driven by both rising demand and favourable government policy such as tri-network convergence and new energy efficiency standard. We hope this will present investors a valuable opportunity to understand the whole dynamics of optical network and LED supplier chain in China.

### Monday, May 23 – Wuhan

Accelink Technologies Co., Ltd (002281 CH)	Optical component vendor, competitor of JDSU, Finiar and O-Net
Fiberhome Telecommunication Technologies Co., Ltd (600498 CH)	Optical system vendor, competitor of Alcatel-Lucent and ZTE

### Tuesday, May 24 – Hangzhou

Hangzhou Silan Microelectronics Co., Ltd (600460 CH)	LED chip vendor, competitor of Epistar
Sunny Optical Technology Co., Ltd (2382 HK)	Optical lens vendor, competitor of Largan
UTStarcom Inc (UTSI US)	Network equipment vendor
Alibaba.com Ltd (1688 HK)	Largest e-commerce company in China
