

NAM UK appoints Andreas Koerner as Head of Marketing and Client Relations, EMEA

London, August 25, 2015 — Nomura Asset Management U.K. Ltd (“NAM”) today announces the appointment of Andreas Koerner as Head of Marketing and Client Relations for Europe, the Middle East and Africa (EMEA). He will replace Mark Roxburgh, who is retiring at the end of August after more than 15 years with the company.

Mr. Koerner has worked for NAM Germany for almost twelve years, where he is Chief Executive Officer. During that time, he has built a successful business focused on German and Austrian based clients and has worked closely with Mr. Roxburgh to ensure a smooth transition.

“With the widening of our product range in recent years, I am encouraged by the opportunities to further expand our EMEA client base,” said Mr. Koerner.

NAM would like to thank Mr. Roxburgh for his contribution to the company and wishes him well in his retirement. He joined Nomura in 1999, when the appointment of specialist asset managers by pension funds was starting to gain traction. Since then, Mark has helped oversee steady growth in both the number of clients and assets under management from EMEA-based investors, with NAM now managing around \$22bn for such clients.

From an initial specialism in Asian equities, NAM’s progress has been underpinned by a gradual widening of its product range to encompass a broader selection of fixed income and equity-related products.
