PROSPECTUS

NOMURA FUNDS

NOMURA FUNDS (the "Fund") is an investment company which may offer investors a choice between several classes of shares (each a "Class") in one sub-fund with segregated liability (the "Sub-Fund"). The Fund is organised as an investment company registered under Part I of the Luxembourg law of 17 December 2010 relating to undertakings for collective investment, as amended (the "Law").

March 2012

IMPORTANT INFORMATION

The Directors of the Fund, whose names appear hereafter, accept responsibility for the information contained in this document. To the best of the knowledge and belief of the Directors (who have taken all reasonable care to ensure that such is the case) the information contained in this document is in accordance with the facts and does not omit anything likely to affect the import of such information. The Directors accept responsibility accordingly.

The Shares are offered solely on the basis of the information and representations contained in this Prospectus and any further information given or representations made by any person may not be relied upon as having been authorised by the Fund or the Directors. Neither the delivery of this Prospectus nor the issue of Shares shall under any circumstances create any implication that there has been no change in the affairs of the Fund since the date hereof.

The information contained in this Prospectus will be supplemented by the financial statements and further information contained in the latest annual and semi-annual reports of the Fund, copies of which may be obtained free of charge from the registered office of the Fund.

The Fund is an open-ended investment company organised as a Société d'Investissement à Capital Variable (SICAV). The Fund is registered under Part I of the Luxembourg law of 17 December 2010 relating to undertakings for collective investment. The above registrations do not require any Luxembourg authority to approve or disapprove either the adequacy or accuracy of this Prospectus or the investments held by the Fund. Any representation to the contrary is unauthorised and unlawful.

The distribution of this Prospectus and the offering of Shares in certain jurisdictions may be restricted and accordingly persons into whose possession this Prospectus may come are required by the Fund to inform themselves of and to observe any such restrictions.

This Prospectus does not constitute an offer or solicitation to any person in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it would be unlawful to make such offer or solicitation.

United States: The Shares have not been registered under the United States Securities Act of 1933 (the "Securities Act"), and the Fund has not been registered under the United States Investment Company Act of 1940 (the "Investment Company Act"). The Shares may not be offered, sold, transferred or delivered, directly or indirectly, in the United States, its territories or possessions or to U.S. Persons (as defined in Regulation S under the Securities Act) except to certain qualified U.S. institutions in reliance on certain exemptions from the registration requirements of the Securities Act and the Investment Company Act and with the consent of the Fund. Neither the Shares nor any interest therein may be beneficially owned by any other U.S. Person. The Fund's Articles of Incorporation restrict the sale and transfer of Shares to U.S. Persons and the Fund may repurchase Shares held by a U.S. Person or refuse to register any transfer to a U.S. Person as it deems appropriate to assure compliance with the Securities Act and the Investment Company Act (see under "ISSUE OF SHARES" below).

Generally: the above information is for general guidance only, and it is the responsibility of any person or persons in possession of this Prospectus and wishing to make application for Shares to inform themselves of, and to observe, all applicable laws and regulations of any relevant jurisdiction. Prospective applicants for Shares should inform themselves as to legal requirements also applying and any applicable exchange control regulations and applicable taxes in the countries of their respective citizenship, residence or domicile.

The Fund draws the investors' attention to the fact that any investor will only be able to fully exercise his investor rights directly against the Fund, if the investor is registered himself and in his own name in the unitholders' register of the Fund. In cases where an investor invests in the Fund through an intermediary investing into the Fund in his own name but on behalf of the investor, it may not always be possible for the investor to exercise certain unitholder rights directly against the Fund. Investors are advised to take advice on their rights.

If you are in any doubt about the contents of this document you should consult your stockbroker, bank manager, accountant or other professional adviser.

Any investor wishing to make a complaint regarding any aspect of the Fund or its operations may do so directly to the Fund at its registered office address.

This prospectus has been drafted in English. It may be translated into any other language the Directors may deem useful and such translations must only contain the information contained in this English version. In case of divergences between the English and the translated version, the English version shall prevail.

INVESTMENT OBJECTIVES, POLICIES AND RESTRICTIONS

Investment Objectives and Policies

The investment objective of each Sub-Fund is to achieve long term capital growth through investment in actively managed portfolios of assets set out in the relevant Annex.

Under normal circumstances, the Sub-Fund will be fully invested in accordance with the investment policy set out in the relevant Annex. Part of a Sub-Fund's net assets can be held temporarily in liquidities, including typical money-market instruments having a residual maturity not exceeding twelve months and demand or time deposits. Under normal market conditions the Sub-Fund will not invest more than 15% of its net assets in bonds and other interest bearing securities or assets. However, the Sub-Fund can temporarily take a defensive position by investing extensively in cash when it believes that the markets or the relevant economy are experiencing excessive volatility, a prolonged general decline or when other adverse conditions may exist. Under these circumstances, a Sub-Fund may be unable to pursue its investment objective.

While using its best endeavours to attain its investment objectives, the Fund cannot guarantee whether and to what extent the investment objective will be achieved.

If the use of derivatives is an integral part of the investment policy or if derivatives are used for efficient portfolio management or hedging other than on an ancillary basis further details will be disclosed in the relevant Annex. Pursuit of the investment policy and objective of any Sub-Fund must be in compliance with the limits and restrictions set forth hereafter.

Investment Restrictions

The Directors shall, based upon the principle of spreading of risks, have power to determine the investment policy for the investments of the Fund in respect of each Sub-Fund subject to the following restrictions:

- I. (1) The Fund, for each Sub-Fund, may invest in:
- a) transferable securities and money market instruments admitted to or dealt in on an Eligible Market;
 - b) recently issued transferable securities and money market instruments, provided that the terms of issue include an undertaking that application will be made for admission to official listing on an Eligible Market and such admission is secured within one year of the issue;
 - c) units of UCITS and/or other UCI, whether situated in an EU Member State or not, provided that:
 - such other UCIs have been authorised under laws which provide that they are subject to supervision considered by the CSSF to be equivalent to that laid down in EU law and that cooperation between authorities is sufficiently ensured, or,
 - the level of protection for unitholders in such other UCIs is equivalent to that provided for unitholders in a UCITS, and in particular that the rules on assets segregation, borrowing, lending, and uncovered sales of transferable securities and money market instruments are equivalent to the requirements of Directive 2009/65/EC,
 - the business of such other UCIs is reported in half-yearly and annual reports to enable an assessment of the assets and liabilities, income and operations over the reporting period,
 - no more than 10% of the assets of the UCITS or of the other UCIs, whose acquisition is contemplated, can, according to their constitutional documents, in aggregate be invested in units of other UCITS or other UCIs;
 - d) deposits with credit institutions which are repayable on demand or have the right to be withdrawn, and maturing in no more than 12 months, provided that the credit institution has its registered office in a country which is a Member State or if the registered office of the credit institution is situated in a non Member State provided that it is subject to prudential rules considered by the CSSF as equivalent to those laid down in EU law; ;
 - e) financial derivative instruments, including equivalent cash-settled instruments, dealt in on an Eligible Market and/or financial derivative instruments dealt in over-the-counter ("OTC derivatives"), provided that:
 - the underlying consists of instruments covered by this section (I) (1), financial indices, interest rates, foreign exchange rates or currencies, in which the Sub-Fund may invest according to their investment

objective;

- the counterparties to OTC derivative transactions are institutions subject to prudential supervision, and belonging to the categories approved by the CSSF;
- the OTC derivatives are subject to reliable and verifiable valuation on a daily basis and can be sold, liquidated or closed by an offsetting transaction at any time at their fair value at the Fund's initiative;

and/or

f) money market instruments other than those dealt in on an Eligible Market and referred to under "Definitions", if the issue or the issuer of such instruments are themselves regulated for the purpose of protecting investors and savings, and provided that such instruments are:

- issued or guaranteed by a central, regional or local authority or by a central bank of a Member State, the European Central Bank, the EU or the European Investment Bank, a non Member State or, in case of a Federal State, by one of the members making up the federation, or by a public international body to which one or more Member States belong, or
- issued by an undertaking any securities of which are dealt in on Eligible Markets, or
- issued or guaranteed by an establishment subject to prudential supervision, in accordance with criteria defined by Community law, or by an establishment which is subject to and complies with prudential rules considered by the Luxembourg regulator to be at least as stringent as those laid down by Community law, or
- issued by other bodies belonging to the categories approved by the Luxembourg supervisory authority provided that investments in such instruments are subject to investor protection equivalent to that laid down in the first, the second or the third indent and provided that the issuer is a company whose capital and reserves amount to at least EUR 10 million and which presents and publishes its annual accounts in accordance with Directive 78/660/EEC, is an entity which, within a group of companies which includes one or several listed companies, is dedicated to the financing of the group or is an entity which is dedicated to the financing of securitisation vehicles which benefit from a banking liquidity line.

(2) In addition, the Fund may invest a maximum of 10% of the net assets of any Sub-Fund in transferable securities and money market instruments other than those referred to under (1) above.

II. The Fund may hold ancillary liquid assets.

III. a) (i) The Fund will invest no more than 10% of the net assets of any Sub-Fund in transferable securities or money market instruments issued by the same issuing body.

(ii) The Fund may not invest more than 20% of the net assets of any Sub-Fund in deposits made with the same body. The risk exposure of a Sub-Fund to a counterparty in an OTC derivative transaction may not exceed 10% of its net assets when the counterparty is a credit institution referred to in I. d) above or 5% of its net assets in other cases.

b) Moreover, where the Fund holds on behalf of a Sub-Fund investments in transferable securities and money market instruments of issuing bodies which individually exceed 5% of the net assets of such Sub-Fund, the total of all such investments must not account for more than 40% of the total net assets of such Sub-Fund.

This limitation does not apply to deposits and OTC derivative transactions made with financial institutions subject to prudential supervision.

Notwithstanding the individual limits laid down in paragraph a), the Fund may not combine for each Sub-Fund:

- investments in transferable securities or money market instruments issued by a single body,
- deposits made with a single body, and/or
- exposures arising from OTC derivative transactions undertaken with a single body

in excess of 20% of its net assets.

c) The limit of 10% laid down in sub-paragraph a) (i) above is increased to a maximum of 35% in respect of transferable securities or money market instruments which are issued or guaranteed by a Member State, its local authorities, or by another Eligible State or by public international bodies of which one or more Member States are members.

d) The limit of 10% laid down in sub-paragraph a) (i) is increased to 25% for certain bonds when they are issued by a credit institution which has its registered office in a Member State and is subject by law, to special public supervision designed to protect bondholders. In particular, sums deriving from the issue of these bonds must be invested in conformity with the law in assets which, during the whole period of validity of the bonds, are capable of covering claims attaching to the bonds and which, in case of bankruptcy of the issuer, would be used on a priority basis for the repayment of principal and payment of the accrued interest.

If a Sub-Fund invests more than 5% of its net assets in the bonds referred to in this sub-paragraph and issued by one issuer, the total value of such investments may not exceed 80% of the net assets of the Sub-Fund.

- e) The transferable securities and money market instruments referred to in paragraphs c) and d) shall not be included in the calculation of the limit of 40% in paragraph b).

The limits set out in sub-paragraphs a), b), c) and d) may not be aggregated and, accordingly, investments in transferable securities or money market instruments issued by the same issuing body, in deposits or in derivative instruments effected with the same issuing body may not, in any event, exceed a total of 35% of any Sub-Fund's net assets.

Companies which are part of the same group for the purposes of the establishment of consolidated accounts, as defined in accordance with directive 83/349/EEC or in accordance with recognised international accounting rules, are regarded as a single body for the purpose of calculating the limits contained in this paragraph III).

The Fund may cumulatively invest up to 20% of the net assets of a Sub-Fund in transferable securities and money market instruments within the same group.

- f) **Notwithstanding the above provisions, the Fund is authorised to invest up to 100% of the net assets of any Sub-Fund, in accordance with the principle of risk spreading, in transferable securities and money market instruments issued or guaranteed by a Member State, by its local authorities or agencies, a state accepted by the CSSF (being at the date of this Prospectus OECD member states or Singapore, Brazil, Russia, Indonesia and South Africa) or by public international bodies of which one or more Member States of the EU are members, provided that such Sub-Fund must hold securities from at least six different issues and securities from one issue do not account for more than 30% of the net assets of such Sub-Fund.**

IV.

- a) Without prejudice to the limits laid down in paragraph V., the limits provided in paragraph III. are raised to a maximum of 20% for investments in shares and/or bonds issued by the same issuing body if the aim of the investment policy of a Sub-Fund is to replicate the composition of a certain stock or bond index which is sufficiently diversified, represents an adequate benchmark for the market to which it refers, is published in an appropriate manner and disclosed in the relevant Sub-Fund's investment policy.

b) The limit laid down in paragraph a) is raised to 35% where this proves to be justified by exceptional market conditions, in particular on Regulated Markets where certain transferable securities or money market instruments are highly dominant. The investment up to this limit is only permitted for a single issuer.

- V.
- a) The Fund may not acquire shares carrying voting rights which should enable it to exercise significant influence over the management of an issuing body.
 - b) The Fund may acquire no more than:
 - 10% of the non-voting shares of the same issuer;
 - 10% of the debt securities of the same issuer;
 - 10% of the money market instruments of the same issuer.

These limits under second and third indents may be disregarded at the time of acquisition, if at that time the gross amount of debt securities or of the money market instruments or the net amount of the instruments in issue cannot be calculated.

- c) The provisions of paragraph V. shall not be applicable to transferable securities and money market instruments issued or guaranteed by a Member State or its local authorities or by any other Eligible State, or issued by public international bodies of which one or more Member States of the EU are members.

The provisions of this paragraph V. are also waived as regards shares held by the Fund in the capital of a company incorporated in a non-Member State of the EU which invests its assets mainly in the securities of issuing bodies having their registered office in that State, where under the legislation of that State, such a holding represents the only way in which the Fund can invest in the securities of issuing bodies of that State provided that the investment policy of the company from the non-Member State complies with the limits laid down in paragraph III., V. and VI. a), b), c) and d).

- VI.
- a) The Fund may acquire units of the UCITS and/or other UCIs referred to in paragraph I) (1) c), provided that no more than 10% of a Sub-Fund's net assets be invested in the units of UCITS or other UCI.
 - b) The underlying investments held by the UCITS or other UCIs in which the Fund invests do not have to be considered for the purpose of the investment restrictions set forth under III. above.
 - c) When the Fund invests in the units of UCITS and/or other UCIs that are managed directly or by delegation by the Management Company or by any other company with which the Management Company is linked by common management or control, or by a substantial direct or indirect holding of more than 10% of the capital or votes, no subscription or redemption fees may be charged to the Fund on account of its investment in the units of such other UCITS and/or UCIs.
No investment management fee shall be charged on the investments in such other

UCITS and UCIs.

If any Sub-Fund's investments in UCITS and other UCIs constitute a substantial proportion of the Sub-Fund's assets, the total management fee (excluding any performance fee, if any) charged to such Sub-Fund and each of the UCITS or other UCIs concerned shall not exceed 3.5% of the relevant net assets under management. The Fund will indicate in its annual report the total management fees charged both to the relevant Sub-Fund and to the UCITS and other UCIs in which such Sub-Fund has invested during the relevant period.

- d) The Fund may acquire no more than 25% of the units of the same UCITS or other UCI. This limit may be disregarded at the time of acquisition if at that time the gross amount of the units in issue cannot be calculated. In case of a UCITS or other UCI with multiple compartments, this restriction is applicable by reference to all units issued by the UCITS or other UCI concerned, all compartments combined.

- VII. The Fund shall ensure for each Sub-Fund that the global exposure relating to derivative instruments does not exceed the net assets of the relevant Sub-Fund.

The exposure is calculated taking into account the current value of the underlying assets, the counterparty risk, foreseeable market movements and the time available to liquidate the positions. This shall also apply to the following subparagraphs.

If the Fund invests in financial derivative instruments, the exposure to the underlying assets may not exceed in aggregate the investment limits laid down in paragraph III above. When the Fund invests in index-based financial derivative instruments, these investments do not have to be combined to the limits laid down in paragraph III.

When a transferable security or money market instrument embeds a derivative, the latter must be taken into account when complying with the requirements of this paragraph VII.

- VIII. a) The Fund may borrow provided that such a borrowing is:
 - a) on a temporary basis and represents no more than 10% of the value of the Fund's assets, or
 - b) to enable the acquisition of immovable property essential for the direct pursuit of its business and represent no more than 10% of the Fund's assets.The Fund may acquire foreign currencies by means of back to back loans.
- b) The Fund may not grant loans to or act as guarantor on behalf of third parties. This restriction shall not prevent the Fund from acquiring transferable securities, money market instruments or other financial instruments referred to in I. (1) c), e) and f) which are not fully paid.
- c) The Fund may not carry out uncovered sales of transferable securities, money market instruments or other financial instruments.

- d) The Fund may only acquire movable or immovable property which is essential for the direct pursuit of its business.
- e) The Fund may not acquire either precious metals or certificates representing them.

IX. Under the conditions and within the limits laid down by the Law, the Fund may, to the widest extent permitted by the Luxembourg laws and regulations (i) create any Sub-Fund qualifying either as a feeder UCITS (a "Feeder UCITS") or as a master UCITS (a "Master UCITS"), (ii) convert any existing Sub-Fund into a Feeder UCITS, or (iii) change the Master UCITS of any of its Feeder UCITS.

A Feeder UCITS shall invest a least 85% of its assets in the units or shares of another Master UCITS. A Feeder UCITS may hold up to 15% of its assets in one or more of the following:

- ancillary liquid assets in accordance with section II above;
- financial derivative instruments, which may be used only for hedging purposes;

For the purposes of compliance with section VII above, the Feeder UCITS shall calculate its global exposure related to financial derivative instruments by combining its own direct exposure under the second indent above with either:

- the Master UCITS actual exposure to financial derivative instruments in proportion to the Feeder UCITS investment into the Master UCITS; or

the Master UCITS potential maximum global exposure to financial derivative instruments provided for in the Master UCITS management regulations or instruments of incorporation in proportion to the Feeder UCITS investment into the Master UCITS.

X A Sub-Fund (the "Investing Sub-Fund") may subscribe, acquire and/or hold shares to be issued or issued by one or more Sub-Funds (each, a "Target Sub-Fund") without the Fund being subject to the requirements of the law of 10 August 1915 on commercial companies, as amended, with respect to the subscription, acquisition and/or the holding by a company of its own shares, under the condition however that:

- the Target Sub-Fund(s) do(es) not, in turn, invest in the Investing Sub-Fund invested in this (these) Target Sub-Fund(s); and
- no more than 10% of the assets that the Target Sub-Fund(s) whose acquisition is contemplated may, according to its investment policy, be invested in units of other UCITS or other UCIs; and
- the Investing Sub-Fund may not invest more than 20% of its net assets in units of a single Target Sub-Fund, and

in any event, for as long as these securities are held by the Investing Sub-Fund, their value will not be taken into consideration for the calculation of the net assets of the Fund for the purposes of verifying the minimum threshold of the net assets

imposed by the Law; and there is no duplication of management/subscription or repurchase fees between those at the level of the Investing Sub-Fund having invested in the Target Sub-Fund(s), and this (these) Target Sub-Fund(s).

- XI a) The Fund needs not comply with the limits laid down in this chapter when exercising subscription rights attaching to transferable securities or money market instruments which form part of its assets. While ensuring observance of the principle of risk spreading, recently created Sub-Funds may derogate from paragraphs III., IV. and VI. a), b) and c) for a period of six months following the date of their creation.
- b) If the limits referred to in paragraph a) are exceeded for reasons beyond the control of the Fund or as a result of the exercise of subscription rights, it must adopt as a priority objective for its sales transactions the remedying of that situation, taking due account of the interest of its shareholders.
- c) To the extent that an issuer is a legal entity with multiple compartments where the assets of the compartment are exclusively reserved to the investors in such compartment and to those creditors whose claim has arisen in connection with the creation, operation or liquidation of that compartment, each compartment is to be considered as a separate issuer for the purpose of the application of the risk spreading rules set out in paragraphs III., IV. and VI.

RISK MANAGEMENT PROCEDURES

The Management Company, on behalf of the Fund, will employ a risk-management process which enables it to monitor and measure at any time the risk of the positions and their contribution to the overall risk profile of each Sub-Fund. The Management Company, on behalf of the Fund will employ, if applicable, a process for accurate and independent assessment of the value of any OTC derivative instruments.

Unless otherwise specified for a Sub-Fund, the Management Company will apply the commitment approach for the determination of global exposure.

TECHNIQUES AND INSTRUMENTS AND USE OF FINANCIAL DERIVATIVE INSTRUMENTS

I. Techniques and Instruments

The Fund may, on behalf of each Sub-Fund and subject to the conditions and within the limits laid down in the Law as well as any present or future related Luxembourg laws or implementing regulations, circulars and CSSF's positions, employ techniques and instruments relating to transferable securities and money market instruments provided that such techniques and instruments are used for efficient portfolio management purposes or to provide protection against risk. Such techniques and instruments may include, but are not limited to, engaging in transactions

in financial derivative instruments such as futures, forwards, options, swaps and swaptions. The Fund (subject as aforesaid) may employ such techniques and instruments in accordance with the applicable laws and regulations.

Authorised transactions

To the maximum extent allowed by, and within the limits set forth in, the Law as well as any present or future related Luxembourg laws or implementing regulations, circulars and CSSF's positions and in particular the provisions of (i) article 11 of the Grand-Ducal regulation of 8 February 2008 relating to certain definitions of the law of 20 December 2002 on undertakings for collective investment (as may be amended or replaced) and of (ii) CSSF Circular 08/356 relating to the rules applicable to undertakings for collective investments when they use certain techniques and instruments relating to transferable securities and money market instruments (as these pieces of regulations may be amended or replaced from time to time), each Sub-Fund may for the purpose of generating additional capital or income or for reducing costs or risks engage in securities lending transactions and enter, either as purchaser or seller, into optional as well as non optional repurchase transactions.

Possible reinvestment of cash collateral

As the case may be, cash collateral received by each Sub-Fund in relation to any of these transactions may be reinvested in a manner consistent with the investment objectives of such Sub-Fund in (a) shares or units issued by money market undertakings for collective investment calculating a daily Net Asset Value and being assigned a rating of AAA or its equivalent, (b) short-term bank deposits, (c) money market instruments as defined in the above referred Grand-Ducal regulation, (d) short-term bonds issued or guaranteed by an EU member state, Switzerland, Canada, Japan or the United States or by their local authorities or by supranational institutions and undertakings with EU, regional or world-wide scope, (e) bonds issued or guaranteed by first class issuers offering an adequate liquidity, and (f) reverse repurchase agreement transactions according to the provisions described under section I.C.a) of the above referred CSSF Circular. Subject to an update of the Prospectus, each Sub-Fund is also authorised to reinvest cash collateral received in any other type of assets which would be or become authorised from time to time by the Law as well as any present or future related Luxembourg laws or implementing regulations, circulars and CSSF's positions. Such reinvestment will be taken into account for the calculation of each concerned Sub-Fund's global exposure, in particular if it creates a leverage effect.

Description of certain risks associated with the above transactions

General

Use of the aforesaid techniques and instruments involves certain risks, some of which are listed in the following paragraphs, and there can be no assurance that the objective sought to be obtained from such use will be achieved.

Optional and non-optional repurchase and reverse repurchase transactions

In relation to reverse repurchase transactions and sale with right of repurchase transactions in which a Sub-Fund acts as purchaser, investors must notably be aware that (a) in the event of the failure of the counterparty from which securities have been purchased, there is the risk that the value of the securities purchased may yield less than the cash originally paid, notably because of inaccurate pricing of said securities, an adverse market value evolution, a deterioration in the credit rating of the issuers of such securities, or the illiquidity of the market in which these are traded, and that (b) locking cash in transactions of excessive size or duration, and/or delays in recovering cash at maturity may restrict the ability of the Sub-Fund to meet redemption requests, security purchases or, more generally, reinvestment.

In relation to repurchase transactions and sale with right of repurchase transactions in which a Sub-Fund acts as seller, investors must notably be aware that (a) in the event of the failure of the counterparty to which securities have been sold, there is the risk that the value of the securities sold to the counterparty is higher than the cash originally received, notably because of a market appreciation of the value of said securities or an improvement in the credit rating of their issuer, and that (b) locking investment positions in transactions of excessive size or duration, and/or delays in recovering, at maturity, the securities sold, may restrict the ability of the Sub-Fund to meet delivery obligations under security sales or payment obligations arising from redemption requests. Repurchase and reverse repurchase transactions will, as the case may be, further expose a Sub-Fund to risks similar to those associated with optional or forward derivative financial instruments.

Securities lending

In relation to securities lending transactions, investors must notably be aware that (a) if the borrower of securities lent by a Sub-Fund fail to return these there is a risk that the collateral received may be realised at a lower value than the value of the securities lent out, notably due to inaccurate pricing, adverse market movements, a deterioration in the credit rating of the issuers, or the illiquidity of the market; and that (b) delays in the return of securities lent out may restrict the ability of a Sub-Fund to meet delivery obligations under security sales and as the case may be ultimately payment obligations arising from redemption requests.

Cash reinvestment

In case of reinvestment of cash collateral such reinvestment may (i) create leverage with corresponding risks and risk of losses and volatility, (ii) introduce market exposures inconsistent with the objectives of the Sub-Fund, or (iii) yield a sum less than the amount of collateral to be returned. More generally, assets in which cash is reinvested are subject to the same risks as those further described in other sections of this prospectus in relation to direct investment of the Sub-Fund.

Unless disclosed in the relevant Annex, a Sub-Fund will not reinvest any cash collateral received pursuant to this section.

II. Financial Derivative Instruments

Each Sub-Fund may, subject to the conditions and within the limits laid down in the Law and any present or future related Luxembourg laws or implementing regulations, circulars and CSSF positions (the "Regulations"), invest in financial derivative instruments for hedging and/or efficient portfolio management purposes and/or to manage foreign exchange risks. If for a Sub-Fund such financial derivative instruments are also used for investment purposes, this must be set out in its investment objective and policy. Financial derivative instruments include, but are not limited to, futures, options, swaps (including, but not limited to, credit and credit-default, interest rate and inflation swaps), forward foreign currency contracts and credit linked notes. Each Sub-Fund may enter into transactions which include but are not limited to interest rate, equity, index and government bond futures and the purchase and writing of call and put options on securities, securities indices, government bond futures, interest rate futures and swaps. The Sub-Fund may employ such financial derivative instruments in accordance with the Regulations.

CONFLICTS OF INTEREST

The Investment Manager and other companies within the Nomura Group and the Management Company and other companies of the RBS Group may from time to time act as investment manager or adviser or as management company to other investment funds/clients and may act in other capacities in respect of such other investment funds or clients. It is therefore possible that the Investment Manager and other affiliates of the Nomura Group or the Management Company and other companies of the RBS Group may, in the course of their business, have potential conflicts of interest with the Fund.

The Directors of the Fund, the Management Company and/or the Investment Manager/Advisers will (in the event that any conflict of interest actually arises) endeavour to ensure that such conflict is resolved fairly and in the best interests of the Fund.

The Fund may also invest in other investment funds which are managed by the Management Company or the Investment Manager or any of their affiliated entities. The directors of the Management Company may also be directors of investment funds and the interest of such investment funds and of the Fund could result in conflicts. Generally, there may be conflicts between the best interests of the Fund and the interests of affiliates of the Management Company in connection with the fees, commissions and other revenues derived from the Fund or investment funds. In the event where such a conflict arises, the directors of the Management Company and the directors of the Fund will endeavour to ensure that it is resolved in a fair manner and in the best interests of the Fund.

The Directors of the Fund, the Management Company and/or the Investment Manager/Advisers will adopt and implement policies for the prevention of conflict of interests as foreseen by applicable rules and regulation in Luxembourg.

BOARD OF DIRECTORS AND MANAGEMENT

Directors

- Hajime Usuki
- Koichi Sudo
- Yoshikazu Chono
- Tamon Watanabe

The Directors are responsible for the overall management and control of the Fund. They will review the operations of the Fund and the Management Company.

MANAGEMENT COMPANY

The Directors of the Fund have appointed RBS (Luxembourg) S.A. as the Management Company of the Fund to be responsible on a day-to-day basis, under supervision of the Directors, for providing administration, marketing, investment management and advisory services in respect of the Sub-Fund. In respect of the Sub-Fund, the Management Company has delegated its investment management and advisory functions to Nomura Asset Management U.K. Limited.

The Management Company has delegated the administration functions to the Administrator and registrar and transfer functions to the Registrar and Transfer Agent.

The Management Company was incorporated as a "*société anonyme*" under the laws of the Grand Duchy of Luxembourg on 10 November 2004 and its articles were published in the Mémorial on 6 December 2004. The Management Company is approved as management company regulated by chapter 15 of the Law. The Management Company is a member of The Royal Bank of

Scotland Group ("RBS Group"), which provides services to the UK collective investment schemes market, principally in the role of trustee to units trusts.

The Management Company shall also ensure compliance of the Fund with the investment restrictions and oversee the implementation of the Fund's strategies and investment policy.

The Management Company shall also send reports to the Directors on a semi-annual basis and inform each board member without delay of any non-compliance of the Fund with the investment restrictions.

The Management Company will receive periodic reports from the Investment Manager detailing the Fund's performance and analysing its investment portfolio. The Management Company will receive similar reports from the Fund's other services providers in relation to the services which they provide.

INVESTMENT MANAGER AND INVESTMENT ADVISERS

The Management Company has appointed Nomura Asset Management U.K. Limited ("NAM UK") as investment manager of the Fund. NAM UK is authorised and regulated by the Financial Services Authority.

NAM UK was incorporated in the United Kingdom in October 1984 with a capital of GBP 50 million. NAM UK is a 100% owned subsidiary of Nomura Asset Management Co., Ltd. Nomura Asset Management Company managed approximately USD 238 billion of assets as of 31 December 2009.

The Investment Manager was appointed pursuant to an Investment Management Agreement with the Management Company and the Fund dated 12 April 2005 (the "Investment Management Agreement") to provide day-to-day management of the Fund's investments, subject to the overall supervision and responsibility of the Management Company. The Investment Manager is required to adhere strictly to the guidelines laid down by the Management Company. In particular, the Investment Manager is required to ensure that the assets of the Fund and each Sub-Fund are invested in a manner consistent with the Fund's and each Sub-Fund's investment restrictions and that cash belonging to the Fund and each Sub-Fund is invested in accordance with the guidelines laid down by the Directors and the Management Company.

According to the Investment Management Agreement, the Investment Manager may, with the prior approval of the Management Company, delegate to a third party all or a part of its management duties. Any new delegation shall be reflected in an updated Prospectus.

The Investment Manager has delegated its functions for Nomura Funds - China Opportunities to Nomura Asset Management Hong Kong Limited ("NAM HK"). This entity has been appointed as

investment adviser of Nomura Funds – China Opportunities to provide day-to-day investment advisory and investment management services.

The investment adviser will be paid out of the Investment Manager's fees.

NAM HK was established in Hong Kong in February 1988 as Nomura Asset Management (Asia) Limited and subsequently changed its name to the current name due to the reorganisation of the corporate group structure which took place on 1 October 1997, is a wholly owned subsidiary of Nomura Asset Management Co., Ltd. The Investment Adviser's key objective is to give clients in Hong Kong and the Pacific Basin access to the experience, expertise and international network of the Nomura Asset Management Group.

CUSTODIAN

The Fund has appointed Nomura Bank (Luxembourg) S.A., Luxembourg, as custodian (the "Custodian") of all the assets, including the securities and liquid assets, of the Fund.

Nomura Bank (Luxembourg) S.A. is a bank organized as a *société anonyme* in and under the laws of the Grand-Duchy of Luxembourg on 2 February 1990. Its capital and reserves as at 31 March 2011 amounted to €229.7 million. As of 31 March 2011, the total assets in its custody exceeded €132.3 billion.

The Custodian is responsible for the custody of cash, securities deposits and any other assets of the Fund. The Custodian will further, in accordance with the Law ensure that: (i) the sale, issue, redemption and cancellation of Shares effected by the Fund or on its behalf are carried out in accordance with the law and the Articles; (ii) in any transactions involving the assets of the Fund, any consideration is remitted to it within the customary settlement dates; (iii) the income of the Fund is applied in accordance with the Articles.

The Custodian may entrust all or part of the assets of the Fund to such agents, delegates or correspondents (together "Correspondents") as may be determined by the Custodian from time to time. The Custodian's liability shall not be affected by the fact that it has entrusted all or part of the assets in its care to a Correspondent except that the Custodian is not liable for any loss directly or indirectly arising as a result of the acts or omissions of its Correspondents in certain markets (as listed in the Custody and Paying Agency Agreement), nor as a result of the liquidation, bankruptcy or insolvency of any of its Correspondents provided it shall have been sufficiently careful in the selection of the Correspondents. The Custodian is not responsible for the safekeeping of assets deposited with brokers either as margin for trading activities or temporarily deposited with brokers in order to settle a trade provided it shall have been sufficiently careful in the selection of the said brokers.

The Custodian shall also act as principal paying agent.

ADMINISTRATOR AND REGISTRAR AND TRANSFER AGENT

The Management Company has appointed Nomura Bank (Luxembourg) S.A. as central administration and domiciliary agent of the Fund. As such, Nomura Bank (Luxembourg) S.A. is responsible for the general administrative functions required by Luxembourg law, calculating the Net Asset Values of the Fund and the Sub-Fund or classes and maintaining the accounting records of the Fund.

Nomura Bank (Luxembourg) S.A. has also been appointed as Registrar and Transfer Agent of the Fund responsible for processing the issue, redemption, conversion, transfer and cancellation of Shares, as well as for the keeping of the Shareholders register.

AUDITOR

Deloitte Audit has been appointed as Auditor of the Fund.

POOLING

The Directors may authorise the Investment Manager to invest and manage all or any part of the portfolios of assets established for two or more Sub-Funds (hereafter the "Participating Sub-Funds") on a pooled basis. Any such asset pool (an "Asset Pool") will be formed by transferring to it cash or other assets (subject to such other assets being appropriate with respect to the investment policy of the Asset Pool concerned) from each Participating Sub-Fund. The Investment Manager may, from time to time, make further transfers to the Asset Pool. Assets may also be transferred back to a Participating Sub-Fund up to the amount of the participation of the relevant Participating Sub-Fund.

The share of a Participating Sub-Fund in an Asset Pool is measured by reference to units of equal value in the Asset Pool. At the time of the formation of an Asset Pool, the Investment Manager shall determine the initial value of a unit (expressed in the currency considered to be appropriate by the Investment Manager), and will allocate to each Participating Sub-Fund units having an aggregate value equal to the amount of cash (or the value of the other assets) contributed. Thereafter, the value of a unit will be determined by dividing the Net Asset Value of the Asset Pool by the number of existing units.

The entitlements of each Participating Sub-Fund to the Asset Pool apply to each and every line of investments of such Asset Pool.

When cash or supplemental assets are contributed to or withdrawn from an Asset Pool, the number of units of the relevant Participating Sub-Fund will be increased or reduced, as the case may be, by the number of units determined by dividing the amount of cash or the value of assets contributed or withdrawn by the current value of a unit. Where a cash contribution is made, this

contribution will, for the purpose of calculation, be reduced by an amount which the Directors consider appropriate to reflect fiscal charges, dealing and purchase costs which may be incurred by investing the cash concerned; in case of cash withdrawal, a corresponding addition will be made to reflect costs which may be incurred in realising securities or other assets of the Asset Pool.

Dividends, interest and other income received and having their origin in securities or other assets belonging to an Asset Pool will be immediately allocated to the Participating Sub-Fund in proportion to their respective participation in the Asset Pool at the time of receipt. Upon dissolution of the Fund, the assets in an Asset Pool will (subject to the creditors' rights) be allocated to the Participating Sub-Funds in proportion to their respective participation in the Asset Pool.

The value of assets contributed to, withdrawn from, or forming part of an Asset Pool at any time and the Net Asset Value of the Asset Pool shall be determined in accordance with the provisions (mutatis mutandis) regarding the valuation of the Fund's assets provided that the value of the assets referred to above shall be determined on the day of such contribution or withdrawal.

SUBSCRIPTIONS

Investors may subscribe for Shares in each Sub-Fund during an Initial Offering Period at the fixed price specified in the relevant Annex which may be increased by a Subscription Charge and thereafter as of each Valuation Day at the relevant Subscription Price which may be increased by a Subscription Charge.

Applicants for Shares should complete an Application Form (an "Application Form") and send it to the Registrar and Transfer Agent by facsimile, with the original following by post.

Cleared funds in respect of a subscription must be received on an account of the Fund in the reference currency of the relevant Class no later than the period of time specified in the relevant Annex. If the Application Form and the subscription monies are not received by these times, the application will be treated as received on the next Valuation Day.

Thereafter, completed Application Forms must be received by the Registrar and Transfer Agent by no later than 8.00 a.m. (Luxembourg time) on the Valuation Day unless otherwise specified in the relevant Annex failing which the application will be treated on the next following Valuation Day. Cleared funds must be received on an account of the Fund in the reference currency of the relevant Class no later than the period of time specified in the relevant Annex.

Fractions of Shares may be issued up to five decimal places. Rights attached to fractions of Shares are exercised in proportion to the fraction of a Share held except that fractions of Shares do not confer any voting rights.

The Fund reserves the right to cancel an application if subscription monies are not received on an account of the Fund in cleared funds and in the reference currency of the relevant Class within the relevant time limit.

The Fund reserves the right to reject any subscription in whole or part at its absolute discretion, in which event the amount paid on the subscription or the balance thereof (as the case may be) will be returned (without interest) as soon as practicable in the currency of subscription or at the discretion of the applicant, at the risk and cost of the applicant.

Once completed subscriptions have been received by the Registrar and Transfer Agent they are irrevocable.

The Directors reserve the right from time to time, without notice, to resolve to close the Fund or a particular Sub-Fund to new subscriptions, either for a specified period or until they otherwise determine.

Institutional Investors

As detailed in the relevant Annexes, the sale of Shares of certain Classes may be restricted to institutional investors, as this term may be defined by guidelines or recommendations issued by the CSSF ("Institutional Investors") and the Fund will not issue or give effect to any transfer of Shares of such Classes to any investor who may not be considered an Institutional Investor.

The Fund may, at its discretion, delay the acceptance of any subscription for Shares of a Class restricted to Institutional Investors until such date as it has received sufficient evidence on the qualification of the investor as an Institutional Investor.

Ineligible Applicants

The Application Form requires each prospective applicant for Shares to represent and warrant to the Fund that, among other things, he is able to acquire and hold Shares without violating applicable laws.

The Shares may not be offered, issued or transferred to any person in circumstances which, in the opinion of the Directors, might result in the Fund incurring any liability to taxation or suffering any other disadvantage which the Fund might not otherwise incur or suffer, or would result in the Fund being required to register under any applicable US securities laws.

Shares may generally not be issued or transferred to any US Person, except that the Directors may authorise the issue or transfer of Shares to or for the account of a US Person provided that:

- (a) such issue or transfer does not result in a violation of the Securities Act or the securities laws of any of the States of the United States;
- (b) such issue or transfer will not require the Fund to register under the Investment Company Act;
- (c) such issue or transfer will not cause any assets of the Fund to be "plan assets" for the purposes of ERISA (US Employee Retirement Income Securities Act of 1974 (as amended)); and
- (d) such issue or transfer will not result in any adverse regulatory or tax consequences to the Fund or its Shareholders.

Each applicant for and transferee of Shares who is a US Person will be required to provide such representations, warranties or documentation as may be required to ensure that these requirements are met prior to the issue, or the registration of any transfer, of Shares.

Subject as mentioned above, Shares are freely transferable. The Directors may, however, refuse to register a transfer which would result in either the transferor or the transferee remaining or being registered (as the case may be) as the holder of Shares in a Sub-Fund valued at less than the minimum holding requirement.

The Fund will require from each registered Shareholder acting on behalf of other investors that any assignment of rights to Shares be made in compliance with applicable securities laws in the jurisdictions where such assignment is made and that in unregulated jurisdictions such assignment be made in compliance with the minimum holding requirement.

Form of Shares

All the Shares will be issued in registered form. Shareholders will receive a confirmation of their shareholding, but no formal share certificate will be issued.

Suspension

The Directors may declare a suspension of the calculation of the Net Asset Value of Shares in certain circumstances as described under "General and Statutory Information". No Shares will be issued in the relevant Sub-Fund during any such period of suspension.

Prevention of Money Laundering and Terrorism Financing

The Fund has delegated to the Management Company the administration and marketing in respect of each Sub-Fund. Pursuant to such delegation, the Management Company or its delegates will monitor the anti-money laundering procedures that have been put in place.

Pursuant to international rules and Luxembourg laws and regulations comprising, but not limited to, the law of 12 November 2004 on the fight against money laundering and financing of terrorism, as amended, and circulars of the CSSF, obligations have been imposed on all professionals of the financial sector to prevent the use of undertakings for collective investment for money laundering and financing of terrorism purposes. As a result of such provisions, the registrar agent of a Luxembourg undertaking for collective investment must ascertain the identity of the subscriber in accordance with Luxembourg laws and regulations. The registrar agent may require subscribers to provide acceptable proof of identity.

In case of delay or failure by an applicant to provide the documents required, the application for subscription (or, if applicable, for redemption) will not be accepted. Neither the undertakings for collective investment nor the registrar agent have any liability for delays or failure to process deals as a result of the applicant providing no or only incomplete documentation.

Shareholders may be requested to provide additional or updated identification documents from time to time pursuant to ongoing client due diligence requirements under relevant laws and regulations.

REDEMPTIONS

Shares are redeemable at the option of the Shareholders. Shareholders should send a completed redemption request to the Registrar and Transfer Agent by facsimile, with the original following by post. All redemption requests are to be received by the Registrar and Transfer Agent no later than 8.00 a.m. (Luxembourg) on the Valuation Day, unless otherwise specified in the relevant Annex, failing which the redemption request will be treated on the next following Valuation Day and Shares will be redeemed based on the Redemption Price applicable on that Valuation Day.

If redemption requests for more than 10% of the Net Asset Value of a Sub-Fund are received, then the Fund shall have the right to limit redemptions so they do not exceed this threshold amount of 10% calculated at the level of each Sub-Fund. Redemptions shall be limited with respect to all Shareholders seeking to redeem Shares as of a same Valuation Day so that each such Shareholder shall have the same percentage of its redemption request honoured; the balance of such redemption requests shall be processed by the Fund on the next day on which redemption requests are accepted, subject to the same limitation. On such day, such requests for redemption will be complied with in priority to subsequent requests. At the moment of submitting their redemption requests, Shareholders may elect to have their redemption request cancelled automatically if the above

provisions should have as a result that the entirety of the redemption request cannot be honoured. In such case, the Shareholder will present a new redemption request on any following Valuation Day.

In exceptional circumstances the Directors may request that a Shareholder accepts 'redemption in kind' i.e. receives a portfolio of stock of equivalent value to the appropriate cash redemption payment. In such circumstances the investor must specifically accept the redemption in kind. He may always request a cash redemption payment in the reference currency of the Class. Where the investor agrees to accept redemption in kind he will, as far as possible, receive a representative selection of the Class' holdings pro rata to the number of Shares redeemed and the Directors will make sure that the remaining Shareholders do not suffer any loss therefrom. The value of the redemption in kind will be certified by a report drawn up by the auditors of the Fund in accordance with the requirements of Luxembourg law. However, where the redemption in kind exactly reflects the Shareholder's pro-rata share of investments, no auditor's report will be required. The redeeming Shareholder shall normally bear the costs resulting from the redemption in kind (mainly costs relating to the drawing up of an auditor's report, if any) unless the Directors consider that the redemption in kind is in the interest of the Fund or made to protect the interest of the Fund.

A redemption request, once given, is irrevocable. Shares redeemed by the Fund are cancelled.

Payment of redemption proceeds will have to be made no later than the period of time provided in the relevant Annex for a Sub-Fund. Payment will be made in the reference currency of the relevant Class by transfer to the bank account specified by the redeeming Shareholder to the Registrar and Transfer Agent.

Suspension

The Directors may declare a suspension of the calculation of the Net Asset Value of Shares in certain circumstances as described under "General and Statutory Information". No Shares will be redeemed in the relevant Sub-Fund during any such period of suspension.

Compulsory Redemptions

The Directors have the right to require the compulsory redemption of all Shares held by or for the benefit of a Shareholder if the Directors determine that the Shares are held by or for the benefit of any Shareholder who is or becomes an Ineligible Applicant as described under "Subscriptions". The Fund also reserves the right to require compulsory redemption of all Shares held by a Shareholder in a Sub-Fund if the Net Asset Value of the Shares held in such Sub-Fund by the Shareholder is less than the applicable minimum holding requirement.

Shareholders are required to notify the Registrar and Transfer Agent immediately if at any time they become US Persons or hold Shares for the account or benefit of US Persons.

When the Directors become aware that a Shareholder (A) is a US Person or is holding Shares for the account or benefit of a US Person, so that the number of US Persons known to the Directors to be beneficial owners of Shares for the purposes of the Investment Company Act exceeds 99 or such other number as the Directors may determine from time to time; (B) is holding Shares in breach of any law or regulation or otherwise in circumstances having or which may have adverse regulatory, tax, pecuniary or material administrative disadvantages for the Fund or its Shareholders including, but not limited to, a situation in which more than 25% of the Shares are owned by benefit plan investors; or (C) has failed to provide any information or declaration required by the Directors within ten days of being requested to do so, the Directors will either (i) direct such Shareholders to redeem or to transfer the relevant Shares to a person who is qualified or entitled to own or hold such Shares or (ii) redeem the relevant Shares.

If it appears at any time that a holder of Shares of a Class restricted to Institutional Investors is not an Institutional Investor, the Fund will either redeem the relevant Shares in accordance with the above provisions or convert such Shares into Shares of a Class which is not restricted to Institutional Investors (provided there exists such a Class with similar characteristics) and notify the relevant shareholder of such conversion.

Any person who becomes aware that he is holding Shares in contravention of any of the above provisions and who fails to transfer or redeem his Shares pursuant to the above provisions shall indemnify and hold harmless the Management Company, each of the Directors, the Fund, the Custodian, the Administrator, Registrar and Transfer Agent, the Investment Manager and the Shareholders of the Fund (each an "Indemnified Party") from any claims, demands, proceedings, liabilities, damages, losses, costs and expenses directly or indirectly suffered or incurred by such Indemnified Party arising out of or in connection with the failure of such person to comply with his obligations pursuant to any of the above provisions.

CONVERSIONS

Subject to any prohibition of conversions contained in an Annex and to any suspension of the determination of any one of the Net Asset Values concerned, Shareholders have the right to convert all or part of their Shares of any Class of a Sub-Fund into Shares of another existing Class of that or another Sub-Fund by applying for conversion in the same manner as for the redemption of Shares. However, the right to convert Shares is subject to compliance with any conditions (including any minimum subscription or holding amounts) applicable to the Class into which conversion is to be effected. Therefore, if, as a result of a conversion, the value of a Shareholder's holding in the new Class would be less than the minimum holding amount, the Directors may decide not to accept the request for conversion of the Shares and the Shareholder would be informed of such decision. In addition, if, as a result of a conversion, the value of a Shareholder's holding in the original Class would become less than the relevant minimum holding amount, the Shareholder may be deemed (if the Directors so decide) to have requested the conversion of all of his Shares.

The number of Shares issued upon conversion will be based upon the respective Net Asset Values of the two Classes concerned on the common Valuation Day for which the conversion request is accepted.

If there is no common Valuation Day for any two Classes, the conversion will be made on the basis of the Net Asset Value calculated on the next following Valuation Day of each of the two Classes concerned.

A conversion fee of up to 1% of the Net Asset Value of the Shares to be converted may be charged for the benefit of the intermediaries (i.e. Distributors) having placed the Shares.

Suspension

The Directors may declare a suspension of the calculation of the Net Asset Value of Shares in certain circumstances as described under "General and Statutory Information". No Shares will be converted in the relevant Sub-Fund during any such period of suspension.

NET ASSET VALUE

The Net Asset Value per Share of each Class will be determined and made available in its reference currency by the Administrator as at such time as the Directors shall determine as of each Valuation Day.

The Net Asset Value per Share as of any Valuation Day will be calculated in the reference currency of the relevant Class by dividing the Net Asset Value of the Class by the number of Shares in issue in such Class as of that Valuation Day.

The Net Asset Value of each Class will be determined by deducting from the total value of the assets attributable to the relevant Class, all accrued debts and liabilities attributable to that Class.

To the extent feasible, expenses, fees and income will be accrued on a daily basis.

Assets and liabilities of the Fund will be valued in accordance with the following principles:

- (a) Securities listed on Regulated Markets, which operate regularly and are recognised and open to the public, will be valued at the last available closing price; in the event that there should be several such markets, on the basis of the last available closing price of the main market for the relevant security. Should the last available closing price for a given security not truly reflect its fair market value, then that security shall be valued on the basis of the probable sales prices which the Directors deem is prudent to assume;

- (b) Securities not listed on Regulated Markets, which operate regularly and are recognised and open to the public, will be valued on the basis of their last available closing price. Should the last available closing price for a given security not truly reflect its fair market value, then that security will be valued by the Directors on the basis of the probable sales price which the Directors deem is prudent to assume;
- (c) swaps are valued at their fair value based on the underlying securities (at close of business or intraday) as well as on the characteristics of the underlying commitments;
- (d) Shares or units in underlying open-ended investment funds shall be valued at their last available price;
- (e) Liquid assets and money market instruments may be valued at nominal value plus any accrued interest or on an amortised cost basis. All other assets, where practice allows, may be valued in the same manner. Short-term investments that have a remaining maturity of one year or less may be valued (i) at market value, or (ii) where market value is not available or not representative, at amortised cost;
- (f) The value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid, and not yet received shall be deemed to be the full amount thereof, unless, however, the same is unlikely to be paid or received in full, in which case the value thereof shall be determined after making such discount as the Directors may consider appropriate in such case to reflect the true value thereof.

In the event that extraordinary circumstances render such a valuation impracticable or inadequate, the Directors may, at their discretion, prudently and in good faith follow other methods of valuation to be used if they consider that such method of valuation better reflects value and is in accordance with good accounting practice in order to achieve a fair valuation of the assets of the Fund.

The value of assets denominated in a currency other than the reference currency of a Sub-Fund shall be determined by taking into account the rate of exchange prevailing at the time of determination of the Net Asset Value.

The Management Company has delegated to the Administrator the determination of the Net Asset Value and the Net Asset Value per Share.

The assets and liabilities of the Fund shall be allocated in such manner as to ensure that the proceeds received upon the issue of Shares of a specific Sub-Fund shall be attributed to that Sub-Fund. All of the assets and liabilities of a specific Sub-Fund as well as the income and expenses which are related thereto shall be attributed to that Sub-Fund. In case the Fund has various Sub-

Funds, assets or liabilities which cannot be attributed to any particular Sub-Fund shall be allocated to all the Sub-Funds pro rata to the respective Net Asset Value of the Sub-Funds. The proportion of the total net assets attributable to each Sub-Fund shall be reduced as applicable by the amount of any distribution to Shareholders and by any expenses paid.

The rights of investors and of creditors concerning a Sub-Fund or which have arisen in connection with the creation, operation or liquidation of a Sub-Fund are limited to the assets of that Sub-Fund. The assets of a Sub-Fund are exclusively available to satisfy the rights of the Shareholders in relation to that Sub-Fund and the rights of the creditors whose claims have arisen in connection with the creation, the operation or the liquidation of that Sub-Fund. For the purpose of the relations between Shareholders, each Sub-Fund is deemed to be a separate entity.

LATE TRADING AND MARKET TIMING

Late Trading is to be understood as the acceptance of a subscription (or conversion or redemption) order after the relevant cut-off times (as specified below) on the relevant Valuation Day and the execution of such order at the price based on the Net Asset Value applicable to such same day. Late Trading is strictly forbidden.

Market Timing is to be understood as an arbitrage method through which an investor systematically subscribes and redeems or converts Shares of the Fund within a short time period, by taking advantage of time differences and/or imperfections or deficiencies in the method of determination of the Net Asset Value of the relevant Sub-Fund. Market Timing practices may disrupt the investment management of the portfolios and harm the performance of the relevant Sub-Fund.

In order to avoid such practices, Shares are issued at an unknown price and neither the Fund nor the Distributor will accept orders received after the relevant cut-off times.

The Fund reserves the right to refuse purchase (and conversion) orders into a Sub-Fund by any person who is suspected of market timing activities.

FEES AND EXPENSES

The Management Company will receive a maximum fee of 0.15% per annum calculated on the Net Asset Value of the Sub-Fund(s) on each Valuation Day for the provision of its services.

Each Sub-Fund and its Classes will incur an annual investment management fee payable to the Investment Manager, which reflects all expenses related to the investment management of thereof. The investment management fee which is expressed as a percentage of the Net Asset Value is specified in the relevant Annex. The Investment Manager may from time to time, at its sole

discretion, and out of its own resources, rebate part or all of the Investment Management Fee to the following entities or intermediaries:

- life insurance companies;
- pension funds and other retirement provision institutions;
- investment foundations;
- Swiss fund management companies;
- foreign fund management companies and providers;
- investment companies.

The Investment Manager may also pay trailer fees / shareholder service fees to the following sales agents / partners:

- authorised distributors and distributors exempted from the authorisation requirement;
- sales partners who place fund units exclusively with institutional investors with professional treasury facilities;
- sales partners who place fund units with their clients exclusively on the basis of a written commission-based management mandate.

The Administrator, Registrar and Transfer and Domiciliary Agent shall be entitled to receive an administration fee from the Fund in accordance with market practice in Luxembourg. Details regarding the calculation method and the applicable amount are set out in the relevant Annex. The administration fee will be subject to a minimum annual fee per Sub-Fund, as set out in the relevant Annex.

Similarly, the Custodian shall be entitled to receive a custodian fee from the Fund in accordance with market practice in Luxembourg. Details regarding the calculation method and the applicable amount are set out in the relevant Annex. The custodian fee will also be subject to a minimum annual fee per Sub-Fund, as set out in the relevant Annex.

Each Sub-Fund may incur a maximum fee, as specified in the relevant Annex, calculated on the basis of the respective total net assets of such Sub-Fund and payable quarterly for distribution services.

The other costs charged to the Fund or to each Sub-Fund or Classes include:

- the costs of establishing the Fund and the Sub-Fund. In case where further Sub-Funds are created in the future, these Sub-Funds will bear, in principle, their own formation expenses. The establishment costs may, at the discretion of the Directors, be amortised on a straight line basis over 5 years from the date on which the Fund/Sub-Funds commenced business.

The Directors may, in their absolute discretion, shorten the period over which such costs are amortised;

- the taxe d'abonnement as described in chapter "Taxation" hereafter;
- the fees and expenses for the infrastructure provided by the Management Company;
- the fees of directors, auditors and legal advisors, the costs of preparing, printing and distributing all prospectuses, memoranda, reports and other necessary documents concerning the Fund, any fees and expenses involved in registering and maintaining the registration of the Fund with any governmental agency and stock exchange, the costs of publishing prices and the operational expenses, and the cost of holding shareholders meetings.

REPORTS AND FINANCIAL STATEMENTS

The financial year of the Fund ends on 31 December in each year.

The audited annual reports and the unaudited semi-annual reports will comprise consolidated financial statements of the Fund expressed in Euro, being the reference currency of the Fund, and financial information on each Sub-Fund expressed in the reference currency of each Sub-Fund.

Copies of the annual and semi-annual reports and financial statements may be obtained free of charge from the registered office of the Fund.

DIVIDEND POLICY

The dividend policy applicable for each Sub-Fund or Class is specified in the relevant Annex.

If a dividend is declared by the Fund, it will be paid to each Shareholder concerned in the currency of the relevant Sub-Fund or Class, normally by cheque mailed to the address shown on the register of Shareholders.

Dividend payments are restricted by law in that they may not reduce the net assets of the Fund below the required minimum determined by Luxembourg law.

In the event that a dividend is declared and remains unclaimed after a period of five years from the date of declaration, such dividend will be forfeited and will revert to the Sub-Fund or Class in relation to which it was declared.

TAXATION

The following is based on the Fund's understanding of, and advice received on, certain aspects of the law and practice currently in force in Luxembourg. There can be no guarantee that the tax position at the date of this Prospectus or at the time of an investment will endure indefinitely.

Investors should consult their professional advisers on the possible tax and other consequences of their subscribing for, purchasing, holding, selling or redeeming Shares under the laws of their country of incorporation, establishment, citizenship, residence or domicile.

The Fund

Under current law and practice the Fund is not liable to any Luxembourg income tax, nor are dividends (if any) paid by the Fund liable to any Luxembourg withholding tax. However, the Fund is liable in Luxembourg to a taxe d'abonnement of 0.05% per annum of its net assets, such tax being payable quarterly and calculated on the Net Asset Value of the Fund at the end of the relevant quarter. The reduced taxe d'abonnement rate of 0.01% per annum will be applicable to Classes the Shares of which are exclusively held by Institutional Investors. To the extent that the assets of the Fund are invested in investment funds which are established in Luxembourg, no such tax is payable.

No stamp duty or other tax is payable in Luxembourg on the issue of Shares in the Fund.

Under current law and practice, it is anticipated that no Luxembourg capital gains tax will be payable on the realised or unrealised capital appreciation of the assets of the Fund.

Shareholders

Subject to the provisions of the Law as defined under "European Union Tax Considerations" below, under current legislation Shareholders are not subject to any capital gains, income, withholding, estate, inheritance or other taxes in Luxembourg.

European Union Tax Considerations

The Council of the European Union adopted on 3 June 2003 Council Directive 2003/48/EC on the taxation of savings income in the form of interest payments ("Savings Directive"). Under the Savings Directive, Member States of the European Union ("Member States") will be required to provide the tax authorities of another Member State with information on payment of interest or other similar income paid by a paying agent (as defined by the Savings Directive) within its jurisdiction to an individual resident in that other Member State. Austria and Luxembourg have opted instead for a withholding tax system for a transitional period in relation to such payments.

Switzerland, Monaco, Liechtenstein, Andorra and San Marino, the Channel Islands, the Isle of Man and the dependent or associated territories in the Caribbean have also introduced measures equivalent to information reporting or, during the above transitional period, withholding tax. The Savings Directive has been implemented in Luxembourg by a law dated 21 June 2005 (the "Law").

Dividends distributed by a Sub-Fund of the Fund will be subject to the Savings Directive and the Law if more than 15% of such Sub-Fund's assets are invested in debt claims (as defined in the Law) and proceeds realised by Shareholders on the redemption or sale of Shares will be subject to the Savings Directive and the Law if more than 25% of such Sub-Fund's assets are invested in debt claims (such funds, hereafter "Affected Sub-Funds").

Consequently, if in relation to an Affected Sub-Fund a Luxembourg paying agent makes a payment of dividends or redemption proceeds directly to a Shareholder who is an individual resident or deemed resident for tax purposes in another EU Member State or certain of the above mentioned dependent or associated territories, such payment will, subject to the next paragraph below, be subject to withholding tax at the rate indicated below.

No withholding tax will be withheld by the Luxembourg paying agent if the relevant individual either (i) has expressly authorised the paying agent to report information to the tax authorities in accordance with the provisions of the Law or (ii) has provided the paying agent with a certificate drawn up in the format required by the Law by the competent authorities of his State of residence for tax purposes.

The applicable withholding tax rate amounts to 35%.

The Fund reserves the right to reject any application for Shares if the information provided by any prospective investor does not meet the standards required by the Law as a result of the Savings Directive.

The foregoing is only a summary of the implications of the Savings Directive and the Law, is based on the current interpretation thereof and does not purport to be complete in all respects. It does not constitute investment or tax advice and investors should therefore seek advice from their financial or tax adviser on the full implications for themselves of the Savings Directive and the Law.

General

The receipt of dividends (if any) by Shareholders, the redemption or transfer of Shares and any distribution on a winding-up of the Fund may result in a tax liability for the Shareholders according to the tax regime applicable in their various countries of residence, citizenship or domicile. Shareholders resident in or citizens of certain countries which have anti-offshore fund legislation may have a current liability to tax on the undistributed income and gains of the Fund. The Directors, the Fund and each of the Fund's agents shall have no liability in respect of the individual tax affairs of Shareholders.

GENERAL AND STATUTORY INFORMATION

The information in this section includes a summary of some of the provisions of the Articles of Incorporation and Material Contracts described below and is provided subject to the general provisions of each of such documents.

1. The Fund

The Fund was incorporated as an open-ended investment company (société d'investissement à capital variable – SICAV) with multiple compartments on 6 April 2005. The duration of the Fund is indefinite. The duration of a Sub-Fund may be limited. The initial capital on incorporation was Japanese Yen 5,000,000. On incorporation all the shares representing the initial capital were subscribed for and were fully paid. The Fund has designated a management company subject to chapter 15 of the Law. The Articles were published in the Mémorial, Recueil des Sociétés et Associations on 18 April 2005; they were amended for the last time on 2 March 2012 by a notarial deed to be published in the Mémorial on 23 March 2012. A consolidated version of the Articles has been filed with the *Registre de Commerce et des Sociétés* of Luxembourg where it may be inspected and where copies thereof can be obtained.

2. Share Capital

The capital of the Fund will always be equal to the value of its net assets. The Shares are of no par value and must be issued fully paid. The Shares carry no preferential or pre-emption rights and each whole Share is entitled to one vote at all meetings of Shareholders.

3. Temporary suspension of Net Asset Value calculations and of issues, redemption and conversion of Shares

The Directors may suspend the determination of the Net Asset Value and hence the issue, redemption and conversion of Shares if at any time, the Directors believe that exceptional circumstances constitute forcible reasons for doing so. Such circumstances can arise during:

- (a) any period when any of the principal markets or exchanges on which a substantial portion of the investments of the relevant Sub-Fund from time to time are quoted or dealt in is closed otherwise than for ordinary holidays, or during which dealings therein are restricted or suspended;
- (b) the existence of any state of affairs which constitutes an emergency as a result of which the disposal or valuation of assets owned by the relevant Sub-Fund would be impracticable, not accurately or not without seriously prejudicing the interests of the shareholders of the Fund;
- (c) in the case of the suspension of the calculation of the Net Asset Value of one or several of the funds in which the Fund has invested a substantial portion of its assets; or
- (d) any breakdown in the means of communication normally employed in determining the price of any of the investments of the relevant Sub-Fund or the current prices on any market or stock exchange;
- (e) any period when the Fund is unable to repatriate funds for the purpose of making payments on the redemption of Shares or during which any transfer of funds involved in the realisation or acquisition of investments or payments due on the redemption of Shares cannot in the opinion of the Directors be effected at normal rates of exchange; or
- (f) if the Fund or the Sub-Fund is being or may be wound-up on or following the date on which notice is given of the meeting of Shareholders at which a resolution to wind up the Fund or the Sub-Fund is proposed; or
- (g) if the Directors have determined that there has been a material change in the valuations of a substantial proportion of the investments of the Fund attributable to a particular class of shares in the preparation or use of a valuation or the carrying out of a later or subsequent valuation; or

- (h) during any other circumstance or circumstances where a failure to do so might result in the Fund or its Shareholders incurring any liability to taxation or suffering other pecuniary disadvantages or any other detriment which the Fund or its Shareholders might so otherwise have suffered; or
- (i) in the case of a merger of the Fund or a Sub-Fund, if the Board of Directors deems this to be necessary and in the best interest of the Shareholders.

No Shares will be issued, redeemed or converted when the determination of the Net Asset Value is suspended. In such a case, a subscription for Shares, a redemption or a conversion request may be withdrawn, provided that a withdrawal notice is received by the Registrar and Transfer Agent before the suspension is terminated. Unless withdrawn, subscriptions for Shares, redemptions and conversion requests will be acted upon on the first Valuation Day after the suspension is lifted on the basis of the Subscription Price, Redemption Price or Conversion Price (as the case may be) then prevailing.

Notice of any such suspension will be published in the d'Wort if, in the opinion of the Directors, it is likely to exceed 5 Business Days and will be notified to all persons who have applied for, or requested the redemption or conversion of, Shares. The Directors may also, at their discretion, decide to make a publication in newspapers of the countries in which the Fund's Shares are offered for sale to the public.

4. Publication of Prices

The Net Asset Value per Share of each Class, as well as the Subscription Price and Redemption Price, may be obtained from the registered office of the Fund and any newspaper the Directors may determine from time to time.

5. Meetings

The annual general meeting of Shareholders will be held at the registered office of the Fund in Luxembourg on the last Monday of the month of June at 11 a.m. in each year or, if any such day is not a bank business day in Luxembourg, on the next following bank business day. Notices of all general meetings are published in the Mémorial to the extent required by Luxembourg law and in such other newspapers as the Directors shall determine. Such notices include the agenda and specify the time and place of the meeting and the conditions of admission, and refer to the requirements of Luxembourg law with regard to the necessary quorum and majorities required for the meeting. The requirements as to attendance, quorum and majorities at all general meetings will be those laid down in Articles 67, 67-1 and 68 of the law of 10 August 1915 (as amended) of the Grand-Duchy of Luxembourg and in the Articles.

If permitted by and under the conditions set forth in Luxembourg laws and regulations, the annual general meeting of shareholders may be held at a date, time and place other than those set forth in the preceding paragraph, that date, time or place to be decided by the Board of Directors.

In addition, the notice of any general meeting of Shareholders may specify that the quorum and majority applicable to such general meeting of Shareholders will be determined by reference to the Shares in issue and in circulation at a certain date and time preceding the general meeting of Shareholders (the "Record Date"). The right of a Shareholder to participate at such general meeting of Shareholders and to exercise the voting right attached to its Shares will be determined by reference to the Shares held by their Shareholder as at the Record Date.

Matters relating to a particular Sub-Fund, such as a vote on the payment of a dividend in relation to that Sub-Fund, may be decided by a vote at a meeting of the Shareholders of that Sub-Fund. Any change in the Articles affecting the rights of Shareholders of a particular Sub-Fund must be approved by a resolution both of all the Shareholders of the Fund and of the Shareholders of the Sub-Fund in question.

6. Winding-Up

The Fund may be wound up by decision of an extraordinary general meeting of the Shareholders. Such a meeting must be convened if the value of the net assets of the Fund falls below the respective levels of two-thirds or one quarter of the minimum capital prescribed by Luxembourg law. At any such meeting convened in such circumstances decisions to wind up the Fund will be taken in accordance with the requirements of Article 30 of the Law.

If the Fund is to be wound up, the winding-up will be carried out in accordance with the provisions of Luxembourg law which specify the steps to be taken to enable Shareholders to participate in distribution(s) on the winding-up and in this connection provides for the deposit in escrow at the *Caisse de Consignation* of any amounts which have not been claimed by Shareholders at the close of the winding-up. Amounts not claimed from escrow within the prescription period are liable to be forfeited in accordance with the provisions of Luxembourg law.

7. Dissolution and Amalgamation of Sub-Funds

A Sub-Fund may be dissolved by compulsory redemption of Shares of the Sub-Fund concerned, upon a decision of the Directors:

- (a) if the Net Asset Value of the Sub-Fund concerned has decreased below Euro 15 million or the equivalent in another currency, or
- (b) if a change in the economic or political situation relating to the Sub-Fund concerned would have material adverse consequences on investments of the Sub-Fund, or
- (c) in order to proceed to an economic rationalisation.

The Redemption Price will be the Net Asset Value per Share (taking into account actual realisation prices of investments and realisation expenses), calculated as of the Valuation Day at which such decision shall take effect.

The Fund shall serve a written notice to the holders of the relevant Shares prior to the effective date of the compulsory redemption, which will indicate the reasons for, and the procedure of the redemption operations. Shareholders shall be notified in writing. Unless it is otherwise decided in the interests of, or to keep equal treatment between, the Shareholders, the Shareholders of the Sub-Fund concerned may continue to request redemption or conversion of their Shares free of charge prior to the effective date of the compulsory redemption, taking into account actual realisation prices of investments and realisation expenses.

Notwithstanding the powers conferred to the Directors by the preceding paragraph, a general meeting of Shareholders of any Sub-Fund may, upon proposal from the Directors, redeem all the Shares of such Sub-Fund and refund to the Shareholders the Net Asset Value of their Shares (taking into account actual realisation prices of investments and realisation expenses) calculated as of the Valuation Day at which such decision shall take effect. There shall be no quorum requirements for such general meeting of Shareholders at which resolutions shall be adopted by simple majority of those present or represented if such decision does not result in the liquidation of the Fund.

Any merger of a Sub-Fund with another Sub-Fund of the Fund or with another UCITS (whether subject to Luxembourg law or not) shall be decided by the Board of Directors unless the Board of Directors decides to submit the decision for such merger to the meeting of Shareholders of the Sub-Fund concerned. In the latter case, no quorum is required for such meeting and the decision for such merger is taken by a simple majority of the votes cast. In case of a merger of a Sub-Fund where, as a result, the Fund ceases to

exist, the merger shall, notwithstanding the foregoing, be decided by a meeting of Shareholders resolving in accordance with the quorum and majority requirements for the amendment of the Articles of Incorporation.

Assets which could not be distributed to their beneficiaries upon the implementation of the redemption will be deposited in escrow with the *Luxembourg Caisse de Consignation* on behalf of the persons entitled thereto. Amounts so deposited shall be forfeited in accordance with Luxembourg law.

All redeemed Shares shall be cancelled.

8. Material Contracts

The following contracts, not being contracts entered into in the ordinary course of business, have been entered into by the Fund and are, or may be, material:

- (A) An Agreement dated as of 12 April 2005 between the Fund and the Management Company, pursuant to which the latter was appointed, subject to the overall control of the Directors, the responsibility on a day-to-day basis, for providing administration, marketing, investment management and advisory services in respect of all the sub-funds of the Fund.
- (B) An Agreement dated as of 12 April 2005 between the Fund, the Management Company and the Investment Manager pursuant to which the latter was appointed, subject to the overall control of the directors of the Management Company, to manage the Fund's investments.
- (C) An Agreement dated as of 12 April 2005 between the Fund and Nomura Bank (Luxembourg) S.A. pursuant to which the latter was appointed custodian of the assets of the Fund.
- (D) An Agreement dated as of 12 April 2005 between the Fund, the Management Company and Nomura Bank (Luxembourg) S.A. pursuant to which the latter was appointed as Administrator and Registrar and Transfer Agent of the Fund.

Any of the above Agreements may be amended by mutual consent of the parties, consent on behalf of the Fund being given by the Directors.

9. Documents available for inspection

Copies of the following documents are available for inspection during business hours on each bank business day at the registered office of the Fund in Luxembourg:

- (1) the Articles of the Fund
- (2) the Material Contracts referred to above
- (3) the Simplified Prospectus of the Sub-Fund.

Copies of the Articles, of the current Prospectus, of the Simplified Prospectus of the Sub-Fund and of the latest reports of the Fund may be obtained free of charge at the registered office of the Fund.

ANNEX 1: NOMURA FUNDS – CHINA OPPORTUNITIES

Investment Objective and Policy

The Sub-Fund's investment objective is to achieve long term capital growth through investment in an actively managed portfolio of Chinese securities, including primarily equities issued by companies based in or listed/dealt on Regulated Markets in the People's Republic of China (PRC), comprising Hong Kong SAR ("Special Administrative Region"). The Sub-Fund may also invest in companies carrying out a preponderant part of their business activities in the PRC.

It is anticipated that the Sub-Fund will invest across the entire range of capitalisations (from small cap to large cap).

The Sub-Fund has the option, but not the obligation, to invest in "A" shares of companies in the PRC. "A" Shares of companies in the PRC are shares denominated in Renminbi and issued by companies in the PRC and listed on PRC stock exchanges.

The Sub-Fund may use derivative techniques and instruments relating to transferable securities and money market instruments described under section entitled "Techniques and Instruments" for hedging purposes.

Risk Warnings

General

Investment in the Sub-Fund carries significant risk, and investment should be regarded as long term in nature and is only suitable for investors who understand the risks involved and who are able to withstand the loss of their invested capital.

Investing in the Sub-Fund involves certain considerations in addition to the risks normally associated with making investments in securities. There can be no assurance that the Sub-Fund will achieve its investment objective. The value of shares in the Sub-Fund may go down as well as up and there can be no assurance that on a redemption, or otherwise, investors will receive the amount originally invested.

In addition to the above factors, it should be noted that the Sub-Fund will be taking positions in companies established or operating in, and/or whose securities trade in, China. Investments are subject to foreign exchange controls and investments may be affected by changes in governmental policy and lack of transparency and regulation in the markets concerned. Such markets often lack derivative instruments, thereby making hedging difficult or impossible and the liquidity and/or bid/offer spreads on such markets can affect the ability of the Sub-Fund to deal

efficiently on such markets. The Investment Adviser may, from time to time, depending on stock market conditions, invest a portion of the Sub-Fund in smaller capitalised companies. Investment in the securities of smaller companies may involve a higher degree of risk than that normally associated with investment in larger, more established companies. Their more specialised nature makes them in some cases, more dependent on specific product lines or individual markets. The financial strength of such companies may reflect their lack of maturity and they may be dependent on a small number of key personnel. Such securities may also from time to time suffer from a lack of liquidity and this may lead to increased volatility in the value of the Sub-Fund's assets. In addition, the following should be noted:-

Political and Economic Instability

The government of China exercises substantial influence over various aspects of the private sector and accordingly may impact both the general economic conditions within the country and specific private sector companies. Expropriations, exchange control, confiscation, taxation, nationalization and political, diplomatic, economic or social stability and high rates of inflation are factors which may adversely affect the Sub-Fund's performance. Greater bureaucratic difficulties relating to investment (and divestment) in China give rise to considerations not typically associated with investment in member countries of the Organisation for Economic Co-operation and Development ("OECD countries").

Illiquid and Volatile Markets

The securities markets of China tend to be substantially smaller, less liquid and more volatile than the major securities markets of OECD countries which may impair the Sub-Fund's ability to acquire or dispose of assets at an advantageous price and time.

Legal Factors

The ability to obtain or enforce judgments in China may be restricted. Additionally, issuers are subject to accounting, auditing and financial standards and requirements, and regulatory requirements which may be significantly less stringent than those applicable to issuers from OECD countries. Consequently, there may be less publicly available information about issuers in China and such issuers may be subject to less developed governmental and/or regulatory supervision and reporting requirements than may be the case in many OECD countries.

The legal system of the People's Republic of China ("PRC") relating to commerce, business and companies and to the operation of stock exchanges and the custody, settlement and clearance of securities trades, has been developing quickly, but there remains a degree of legal uncertainty in the interpretation (and any enforcement) of many legal rights and obligations which could be relevant to the Sub-Fund and many of the arrangements relating to custody, settlement and clearance of securities trades are and remain untested.

Limited Diversification

The Sub-Fund's portfolio is likely to be concentrated in investments of Chinese companies, which increases the risk of an investment in the fund by increasing the relative impact which each portfolio investment will have on the overall performance of the fund.

Profile of the typical Investor

The Sub-Fund may be appropriate for investors who:

- seek capital appreciation over the long term;
- do not seek current income from the investments;
- are willing to take on the increased risk associated with the investment.

Reference Currency

The reference currency of the Sub-Fund is the US Dollar.

Classes of Shares

Class I Shares are available for subscription and are reserved to Institutional Investors as defined under section "Subscriptions" of this Prospectus. The minimum subscription and minimum holding amounts are of USD 3 million and the subsequent minimum investment amounts are USD 1 million unless the Directors resolve otherwise.

Class A Shares will be available to all investors and may be launched by a decision of the Directors. The minimum subscription and minimum holding amounts are of USD 50,000.

Valuation Day

The Net Asset Value of each Class of Shares shall normally be calculated on each Business Day, except for 24 December in each year (each a "Valuation Day").

The Net Asset Value of each Class of Shares will be made available on each Valuation Day in the reference currency of each Class of Shares by the Administrator at the registered office of the Fund.

Business Day

A Business Day is a day on which banks are normally open for business in Luxembourg, Hong Kong, London and New York, except for 24 December in each year.

Subscriptions

Shares are available for subscription on each Valuation Day. Applications for Shares must be received by the Registrar and Transfer Agent by no later than 8 a.m. (Luxembourg time) on the relevant Valuation Day to be dealt with on the basis of the Net Asset Value per Share calculated on that Valuation Day. Subscription proceeds must be received by the Custodian on an account of the Fund no later than the fifth Business Day following the relevant Valuation Day.

Applications for Shares received by the Registrar and Transfer Agent after 8.00 a.m. (Luxembourg time) will be dealt with on the basis of the Net Asset Value per Share of the next Valuation Day.

A Subscription Charge, not exceeding 5% of the Subscription Price, may be added for the purpose of compensating financial intermediaries and other agents who assist in placing the Shares. This charge is to be considered a maximum rate and the intermediaries and other agents may decide at their discretion to waive this charge in whole or in part.

Redemptions

Shares are redeemable at the option of the Shareholders.

Completed redemption requests should be sent to the Registrar and Transfer Agent to be received no later than 8 a.m. (Luxembourg time) on the relevant Valuation Day in order to be dealt with on the basis of the Net Asset Value per Share calculated on that Valuation Day.

Redemption requests received by the Registrar and Transfer Agent after 8.00 a.m. (Luxembourg time) will be dealt with on the basis of the Net Asset Value per Share of the next Valuation Day.

No Redemption Charge will be levied for the Sub-Fund.

Payment of redemption proceeds will normally be made within six Business Days after the relevant Valuation Day.

A request for a partial redemption of Shares may be treated as a request for the redemption of the entire holding if, as a result of such partial redemption, the total Net Asset Value of the Shares retained by the Shareholder in the Sub-Fund would be less than the minimum holding.

Dividend Policy

The Sub-Fund offers the Shares in the form accumulation shares. The Sub-Fund shall not distribute any dividend and all net investment income and all net realised and unrealised capital gains will be accumulated and will increase the Net Asset Value of the Shares of the Sub-Fund.

Fees

Investment Management Fee

The Investment Manager will receive an investment management fee accrued daily and payable quarterly, not exceeding 1% per annum of the average daily total net assets of the Sub-Fund attributable to Class I.

The Investment Manager will receive an investment management fee accrued daily and payable quarterly, not exceeding 2% per annum of the average daily total net assets of the Sub-Fund attributable to Class A.

Custodian Fee

A maximum fee of 0.15% shall be paid to the Custodian out of the assets of the Sub-Fund. This custodian fee is calculated on the basis of the total net assets of the Sub-Fund and is payable quarterly. The Custodian shall also be entitled to reimbursement of all reasonable out-of pocket expenses relating to the custody services rendered.

Administrator, Registrar and Transfer and Domiciliary Agent Fee

A maximum fee of 0.13% shall be paid to the Administrator, Registrar and Transfer and Domiciliary Agent out of the assets of the Sub-Fund. This administration fee is calculated on the basis of the total net assets of the Sub-Fund and is payable quarterly. The Administrator, Registrar and Transfer and Domiciliary Agent shall also be entitled to reimbursement of all reasonable out-of pocket expenses relating to the services thereto.

Term of the Sub-Fund

The Sub-Fund has been established for an indefinite period of time.

The Sub-Fund may be dissolved at any time by decision of the Directors as detailed under "Dissolution and Amalgamation of Sub-Fund".
